Windham, NH 03087

## Letter writing to First Responders of Covid Pandemic

### Mercy Cares for Kids Send Cards and Letters of Support to Nurses During COVID-19 Crisis

<https://news.sphp.com/employee-news/mercy-cares-for-kids-send-cards-and-letters-of-support-to-nurses-during-covid-19-crisis/>

Sometimes, a simple gesture is all someone needs to lift their spirits and give them hope. During the COVID-19 (coronavirus) pandemic, these acts of kindness are especially helpful to those on the front lines.

That's why teachers and children at Mercy Cares for Kids recently sent some very special messages to nurses at St. Peter's Hospital. The children, some as young as three years old, made cards and pictures to show their appreciation for everything the nurses do on a daily basis, and for the sacrifices they make to care for the sick and those in need.

Included in these care packages was a letter in which the teachers wrote, "We don't know you, but we know your job is very important and you are working very hard to take care of the sick people and helping to keep the rest of us safe. Nurses are very special people. Thank you so much for all you do! #nursesaresuperheroes."

They also included this poem:

*The Heart of a Nurse*

*By: Pauline Hamblin*

*Nurses are compassionate and caring,*

*With love in their hearts for all.*

*Forever extending a heart of mercy,*

*Always there when there is call.*

*Endless hours they stand on their feet,*

*Wondering Did I do my best*

*To help this patient through this illness,*

*Ease their pain so they can rest.*

*In their hearts you hear God's whisper*

*Through a nurse He sends His love.*

*Ever sensitive, kind and caring,*

*Souls as pure as a snow-white dove.*

*Angels, yes, they tend to be,*

*For their presence comforts me.*

*Concerns for the sick shows on their face,*

*Their gentle touch my fears erase.*

## In Louisiana, Children send letters to isolated patients during COVID-19 pandemic

<https://www.klfy.com/community/children-send-letters-to-isolated-patients-during-covid-19-pandemic/>

LAFAYETTE, La. (KLFY)- The Heart of Hospice staff is trying to put smiles on the faces of isolated patients during the Coronavirus pandemic.

Ashley Brinkhaus says this is just a small way to get children involved in helping people feel better in their community.

Brinkhaus, “We got the kids together and they are coloring and writing letters to residents of nursing homes and hospitals.”

She explains the importance for patients to feel and receive happiness, especially at this time.

“They aren’t allowed visitors so we thought of this way just to make people smile and give them some happy thoughts,” Brinkhaus adds.

Seven-year-old John Joseph and three-year-old Roan tell me why it’s important for them to write these letters.

“It will make them feel happy because they don’t get to see a lot of people,” John Joseph Menard says.

“Because some people are sick and don’t feel good,” Roan Lavergne says.

If you would like to send a letter, please send to **Heart of Hospice**. Send it to Attn: Ashley Brinkhaus, 1100 Bertrand Drive, Suite A
